TWO VENERABLE CITIZENS PASS AWAY TODAY

Melquiades Chavez, Former Sheriff and Member of Legislature, and Jose Chavez y Chavez, War Veteran, Die This Morning.

Two venerable citizens of New Mexico, residents of Bernalillo county through nearly a century, companions in arms in the Civil war and close friends for more than half a century, died this morning in Albuquerque within two hours of each other. One is Melquiades Chavez, 77 years old, former sheriff, former member of the legislature, and an orator of note throughout the state. The other is Jose Chavez y Chavez, 85 years old, a veteran of the Civil war, a member of the G. A. R., and who fought with the Union soldiers at Valverde and Glorieta. Both died from ailments accompanying old age.

Melquiades Chavez died at 4 o'clock this morning at his home in Old Albuquerque after a brief illness; although the venerable orator had been in failing health for more than a year. He is survived by a son, Elias Chavez, and one brother, Carlos Chavez, an attorney. The funeral arrangements have not been decided on and probably will not be announced before tomorrow, according to Undertaker Fred Crockett, who has charge of the arrangements.

Mr. Chavez served two terms as sheriff of Bernalillo county in the early days when being sheriff of this county was not the soft snap it is today. In his later years he served in the house of representatives, having been elected the last time on the reform wave which swept this county in 1906-08. Up to a couple of years he was in constant demand in public and political meetings. His command of the Spanish language was wonderful and he was one of the most fluent and effective orators in the state in his mother tongue. Even those who could not understand his words often were swayed by the old man's eloquence, and although short of stature, his flowing white beard and impressive delivery made him a commanding figure on the platform.

Jose Chavez y Chavez, a distant relative of Melquiades Chavez, and a lifelong friend, died this morning at his home, 447 West Santa Fe avenue, aged 85 years. His death was due to the weakness of advanced age. While not prominent in politics he had taken an active part for many years and was a member of the G. A. R., having served in one of the New Mexico regiments which fought for the Union at Valverde in Apache canyon and at Glorieta. He is survived by one son, Adolfo Chavez, a well known merchant, and by one daughter who lives in state at the Crockett chapel tomorrow afternoon from 2 to 4 under a guard of honor from Warren Post of the G. A. R., and the funeral will take place at the family home in Palmito Thursday morning, where interment will be made.

Served in Same Company.
Jose Chavez y Chavez was first lieutenant in James L. (Gentling) Hubbell's mounted infantry during the Civil war, and Melquiades Chavez was commissary sergeant of the same company. Captain Hubbell, father of Frank A. Hubbell, led his company through distinguished service back at Valverde and Glorieta.

PROPOSE TO EXPEL MAYOR OF BUTTE FROM SOCIALISTS
Denver, July 28.—A proposal to recommend the expulsion of Mayor L. J. Duncan of Butte, Mont., from the socialist party resulted in a spirited debate in the convention of the

Western Federation of Miners here today. The suggestion was included in the report of a special committee appointed to investigate the recent Butte labor disturbances, and particularly the charge said to have been made by Duncan that President Charles H. Meyer, of the federation, had asked Governor S. V. Stewart to send troops to Butte for his protection.

The committee's report cleared Meyer of the charge, and among others, Governor Stewart with the statement that Meyer had asked for protection, but not for troops. The debate centered around a motion to strike from the report a recommendation that Duncan be expelled from the socialist party.

TORRENT OF GOLD POURS OUT OF NEW YORK

European Demands pass \$22,000,000 Since War Scare Began and Believed New Record will be Established.

New York, July 28.—A torrent of gold has poured out of New York to Europe since the beginning of the war scare several days ago. Since last Thursday, shipments have amounted to \$22,350,000. There was no abatement in the flow and the present movement, it is believed, will establish a new record.

The emergency demands for gold from Paris and London have depleted the stock of gold bars at the assay office and as a result some of the gold ordered today was in United States coin of which the government had on hand at this time an amount exceeding \$249,000,000 at its various mints and sub-treasuries.

Shipments for the calendar year are now in excess of \$100,000. This it is believed is a new high mark for that period.

MINE MANAGER HELD FOR MYSTERIOUS MURDER AT BOULDER

Boulder, Colo., July 28.—Wilson Davis, manager of the Lead-Lode mine at Eldora, was arrested today and held for investigation in connection with the killing of Champ N. Smith, whose body was found in the Caledonia tunnel at Eldora, on June 12. No information has been filed against Davis.

COMPLAINT AGAINST OFFICER DISMISSED

Mary Wilson's complaint against Officer Charles Main, whom she accused of assault, was dismissed by Justice Garcia in Martinstown this morning. The complaint of Joe Badaracco against the woman, before Justice Craig, will be heard tomorrow morning. The complaint against Main grew out of his action under a verbal complaint made by Badaracco against the woman Friday night.

MORTUARY.

L. W. Inscho.
L. W. Inscho died at his home, 599 South High street Monday morning, aged 28 years. He is survived by his wife and five-year old daughter, and his father and mother, Mr. and Mrs. Annora Inscho. He came here four years ago from Stockton, Cal. The funeral will be held from the First Methodist Episcopal church at 10 o'clock Wednesday morning, and burial will be in Fairview cemetery.

Aviator Falls 800 Feet.
Novara, Italy, July 28.—Giovanni Marcellino Caviezel, an aviator and his passenger, Camilletti, were killed today by a fall of 800 feet with their aeroplane.

BING! GOES ANOTHER REPUBLICAN ILLUSION

Sheriff Jesus Romero, Once Leader of Good Government and Progressive Forces Blossoms as Full Fledged Boss.

ALBUQUERQUE PLACED ON PARTY SIDETRACK

City, with Half the Votes, will be Permitted to have About One-Third Representation in County Convention.

Full many a year this cruel war has rent us all asunder. But this last smear has spoiled the beer.

Now let her go to thunder. While not a literal statement of expressions emanating from the rank and file of Republicans in Albuquerque today, as regards the general situation in the Grand Old Party of Jesus Romero, Eliego Baca and Modesto C. Ortiz, the above may be said to indicate the general sentiment.

Albuquerque Republicans awoke this morning to find that they had acquired a new boss, or rather two of them; twin bosses as absolute as any who ever ruled over the roost of Republican Bernalillo county. Precedent, party usage and Republican precept have been placed permanently upon the shelf and Republican voters of the city of Albuquerque, casting about half the vote of the county, have been placed per anent upon a sidetrack, whence they may view the passing throng, led by Sheriff Romero and Eliego Baca, if they care to do so.

Sheriff Romero, once the strong arm of the Good Government, not to say "Goo-Goo" movement in this fair realm, bitter enemy of bosses and bosses; late the head and front of the Progressive party in Bernalillo county and New Mexico, and the foremost champion of the principles which caused T. Roosevelt to suffer partial paralysis at Armageddon; Sheriff Romero, idolized as the hero whose strong right arm and untutored stand for the right overthrew the house of Hubbell and its domination over the land, yesterday burned all his bridges behind him, cried "Shoo, shoo," to the men who have backed him in four strenuous campaigns, and mighty in his new found strength and his allegiance with Eliego Baca, Bernalillo county's favorite for the Republican nomination for congress, came out in the open as the great "I am" the ruler of the roost, the county boss.

The sheriff has done away with all of his former counselors. He has, it might be said with truth, also, that they are today busily engaged in beating it. There is nothing else they can do. In his new found strength and with the abundant political counsel of Eliego Baca, Modesto Ortiz, John W. Wilson, Mayor Boatright and one or two others, the sheriff turned his broad back upon the friends and allies of his younger days, took all the reins in his own hands; seated himself firmly in the saddle and applied the whip. It was a spectacle in union which reformed and purified Bernalillo county has never seen equaled. It was a peach.

It had been thought that when the sheriff and Mr. Baca excluded the properly executed proxy from the party council, that they had done their worst. But the boys were due for another spectacular treat in the way of expression of dominant personality.

This came when the sub-committee of the general committee came back to the meeting late yesterday afternoon with a draft of the call for the county Republican primaries and convention which are to be held on the 7th and 14th of August, respectively. This call was framed by Modesto C. Ortiz, John W. Wilson, whose address in guiding the policies of Mayor Boatright's administration has made him a power with the new dynasty of Old Albuquerque, Mayor Boatright himself and a few others. It is, as the boys expressed it last night, "some call."

Among other things it precludes the possibility of representation by proxy in the convention itself. In fact the new bosses of Bernalillo have abolished the proxy as a party institution. It has ceased to exist. In future the person elected to represent delegated authority must be present in his own proper person, clothed in his right mind, which interpreted means, prepared to take orders. There will be no other kind of representation.

But the worst was yet to come. As the boys got out their pencils and paper—this was all after the call had been read, passed by the committee and ordered promulgated as her royal decree—and began to figure, they found that Republicans of Albuquerque, heretofore given approximately one-half the representation in a Republican county convention, had had their representation reduced to about one-third of the total.

the party's county convention. Of the 198 delegates piled up by the simple process of addition, Albuquerque, casting half the Republican vote of the county, has a bare one-third of the delegates.

It means that Boss Romero, through his control of the majority of the precincts outside of Albuquerque, will not only dominate the convention's selection of delegates to the state convention, thus insuring the delegation for Eliego Baca for the congressional nomination, but that the sheriff also will have absolute power in naming the candidates for the legislature.

Dr. L. H. Chamberlain, a stalwart Republican who has managed to remain one even in Bernalillo county, without a stain upon his shield, asked if there were to be alternate elected to the county convention.

The committee did not act on that matter.

M. L. Fox, editor of the Morning Journal, announced his resignation from the committee. The Morning Journal has been through many years the chief supporter and backer of Sheriff Romero in the field of political publicity. Eliego Baca was quoted as saying later that it had been Boss Romero's purpose to call for Mr. Fox's resignation immediately after the committee meeting anyway, so that time had merely been saved.

Things are doing in the Republican party in Bernalillo county. The "Pence of Old Albuquerque" stands unbroken. But the peace of Albuquerque has been seriously, not to say violently, disturbed. Any doubt as to this can be overcome by consulting with any of the boys.

ATLANTA JOURNAL IN NEW VERSION OF PICKARD AFFAIR

Distressed Father Declares His Daughter has been Made Victim of a Frame up by Leverett H. Harrison.

KARSTEN NOW GUEST AT THE PICKARD HOME

The latest developments in the tangled affairs of Mrs. Leverett H. Harrison, nee Miss Florence Pickard, and her rejected suitor, Karl Karsten, are given in the Atlanta Journal which reached Albuquerque this morning in the following dispatch from Savannah:

Savannah, Ga., July 23.—Dr. W. L. Pickard, president Mercer university, gave out a statement Wednesday night in which he declared his belief that his daughter, Mrs. Florence Pickard Harrison, is the victim of a "frame up" on the part of Leverett H. Harrison, whom she married last week, after the announcement of her engagement to Karl Karsten.

Dr. Pickard said that he feared Harrison had taken advantage of marrying Miss Pickard "for no other reason than to beat Mr. Karsten out."

Dr. Pickard's Statement.

Dr. Pickard made the following statement Wednesday night: "All I know is that my daughter telegraphed from wherever she is to my wife in Savannah to come to her," said Mr. Pickard. "My wife asked me what she should do and I told her to go to Florence and bring her home. That is all that I know. As to the report that Mr. Harrison abandoned my daughter or that she has abandoned him I have no information."

"I am profoundly grieved over the whole matter. I am at a distinct loss to understand what has happened unless it is a 'frame up' on the part of Mr. Harrison. I am loath to believe that this is the fact, though it pains me greatly to believe it. I am afraid he took advantage of my daughter for no other reason than to beat Mr. Karsten out in the race for my daughter's hand. If this is true it is iniquitous, and I will take steps at once to have the marriage annulled."

"One circumstance which tends to convince me that Mr. Harrison did not act right throughout this matter is a statement which my daughter made to her mother within an hour after she was married, that she had been taken advantage of. My daughter was ill. She had fever all week. While she was in this feverish condition Mr. Harrison pressed his suit and broke down my daughter's will. He practically forced her to accede to his wishes when otherwise I have every reason to believe she would have remained true to Mr. Karsten. She was simply moved by his persistent pleadings."

"Harrison was determined to beat the other man, who had beaten him seven years ago."

Because of his daughter's great strength of character, Dr. Pickard says he feels such she was taken advantage of by Harrison.
